<u>Where Born</u>	<u>1841</u>	<u>1881</u>	<u>2000**</u>
	%	%	%

Wales	0	0.5	~1
Ireland	0.5	0.5	~1
Europe	0	0.3	~1
Rest of the World	0	0.2	1.5
Population	998	1647	~4500

\*this % includes the data from 'within 30 miles' which were not separated in this census record.

\*\* data 2000, as recorded in the millennium book, "Great Ayton, A North Yorkshire Village 2000 AD".

In the period 1841 to 2000 the above data show a slight reduction in the percentage of Great Ayton residents who were born in the village or within 30 miles thereof.

The rest of England data probable reflect the greater mobility of staff of the very large Multinational Companies. The rest of the UK, Ireland, Europe and the Rest of the World collectively still only accounts for 1 in 15 of the Great Ayton population. If only we could have the data from year 2200!.
